Featured artist !! David M'ore !!

Ever wonder what Stevie Ray Vaughan meets Johnny Winter meets Jimi Hendrix, with vocals a cross between Joe Cocker and Louis Armstrong would sound like, then look no further. David M'ore is your man !! Born in Argentina, now calling San Francisco home, M'ore has blazed a path of quickly-growing recognition that's landed him on the cover of the San Francisco Chronicle. His new album, "Passion, Soul, & Fire" is described by one reviewer as, "high-octane blues-rock that smolders with salacious bass grooves and really irresistible beats". M'ore plays a custom-made Strat carefully modified to his specifications and demonstrates his acclaimed six-string technique on both originals and cover tunes. Says M'ore : "I love to pay tribute to those who influenced me, but at the same time, I like to be true to who I am". "The aggressive sound of the guitar drove me emotionally insane and I still listen to those old records from Johnny Winter. That's where it all began". If you're a fan of incredible guitar playing and enjoy hard rock that strays towards the blues rather than heavy metal, this is the masterpiece you've been waiting for !! David M'ore will take you on a journey with his raw, emotional guitar playing and gritty, gravelly vocals. You can purchase this album at M'ore's website below. Remember Trike's motto : **LLB !! LISTEN to it, LIKE it, BUY it !!**
